Immediately before the Examination begins, the following REGULATIONS AND INSTRUCTIONS ARE TO BE READ TO THE CANDIDATES:—

Enter your Examination Number and the subject of Examination on the Drawing Paper and Envelope supplied, but do not write your name on either. No credit will be given for work upon which your name is written, or upon which your Examination Number is not written.

You must not, under any circumstances whatever, speak to or communicate with another candidate. Those superintending the examination are not at liberty to give any explanation bearing upon the subject of the examination.

You must remain in your places until your papers have been taken up, and then leave the examination-room quietly. No candidate will be allowed to leave before the expiration of twenty minutes from the beginning of the examination, and no candidate can be re-admitted after having once left the room.

All drawings not previously given up will be collected at 6 o'clock.

If you break any of these rules, or use any unfair means, you are liable to be dismissed from the examination, and your examination may be cancelled by the Department.
