History of NITL

- Report “World Class to Serve the World”
- April 1998
- National Centre for Supply Chain Excellence
- Supported by National Development Plan
- Managed by the Department of Enterprise, Trade and Employment
- Through Enterprise Ireland
- Based at the DIT

In conjunction with

a DCC company

Mission Statement

NITL will support the achievement of competitive advantage in Irish firms by creating a fundamental new resource for logistics and supply chain efficiency.

NITL Structure / Activities

What is the Supply Chain?

The Weakest Link

- Without the right companies (and the right relationships) across the supply chain to work with, a company will never achieve true competitive advantage. In other words
- The supply chain is only as strong as its weakest link.

What is the Supply Chain?

micro [internal]
supply chain

Traditionally these functions are managed in isolation and often operate at cross purposes.

Supply chain management integrates these functions by holistically managing the information, material and financial flows.

micro [internal]
supply chain

The Aims of Supply Chain Management

- ☞ Supply Chain Management aims to achieve competitive advantage through:
 - ☞ ***Enhanced Customer Service***
 - ☞ ***Optimised Costs and Investments***
- ☞ SCM provides the end customer with the right product at the right time, priced at the right level, in the right quantity and quality

Increasing the Pool of SCM Professionals
