Mark Farrell to receive - PhD in Education

Mark Farrell (Lecturer Culinary Arts) has just completed his doctoral thesis in education at Dublin City University (DCU) supervised by Joe Travers and Anna Logan St Patrick’s Campus, DCU. The EdD is a research degree for experienced professionals from education and related fields who would like to extend their professional understanding and develop skills in research, evaluation and high-level reflection on practice. The theme of Mark’s research was the use of new technology such as video to teach culinary arts skills to people who are non-literate and have learning disabilities. Training through video modelling enabled participants to self-instruct themselves and prepare meals in their own home, it is now extensively used by chefs internationally to prepare for Salon Culinaire competition. The potential of this medium in terms of culinary applications has yet to be fully exploited. Mark would like to further develop this methodology as part of his teaching career in DIT to enable students to reach their full potential through self-instruction, video self-modelling and self-prompting in the medium to long term. Mark has also helped young people for the last 3 years in Grangegorman to engage with food studies during the Summer at the Idea camp. This year students received some instruction through video modelling as part of their overall gastronomic experience.

GLOBAL AQUACULTURE ALLIANCE, YOUNG STUDENTS COMPETITION ‘GOLD AWARD’

Finalist Sarah McCabe & Emma Pearse (students of the School of Culinary Arts and Food Technology) competed against other Institutes of Technologies in the Global Aquaculture Young Students Competition for 2017. The competition was co-ordinated by George Smith, Tony Campbell (Lecturers Culinary Arts) and Sean Owens. In the qualifying rounds recipes and menus along with an extensive presentation of aquaculture research were received from over 90 culinary students all over Ireland. Students were required to create a menu based on any farmed fish of their choosing in the final. The brief encouraged the students to choose locally sourced ingredients to the best of their abilities and to be as creative as possible in their ideas. The overall winner was Sarah McCabe, 2nd place was Emma Pearse both winners received fabulous prizes including two Michelin star stage’s in London, first prize also included an all inclusive invitation the 2018 conference in a yet to be announced country. Thanks were offered to the GAA for co-ordinating such a professional competition (George Smith, Lecturer Culinary Arts)

Academic Engagement and Exchange
Lecturing Exchange in Pôle Universitaire de Gastronomie, Paris

Pôle Universitaire de Gastronomie is a subsidiary of Université de Cergy-Pontoise in Paris, France. Diarmuid Cawley, Lecturer Culinary Arts visited the campus to present a lecture entitled 'International Commercialisation of Wines and Spirits' to students and to conduct a systematic wine tasting event (through English) using the format implemented with students in the DIT, School of Culinary Arts & Food Technology (SCAFT). Diarmuid's invitation to teach at the Pôle Universitaire de Gastronomie was organised through the faculty's English lecturer Fatiha Ziane and the Restaurant Service lecturer Felipe Diaz Marin, with a view to exposing the students to the language of wine in English (vocab, tasting, service, sales). Excellent links have now been forged with the Pôle Universitaire de Gastronomie and the team there are very keen to make an exchange with SCAFT through the Erasmus programme. The Pôle University is considerably smaller than SCAFT in terms of student numbers and facilities but focuses strongly on the creation and development with Culinary Food Design; Event Management and Banqueting; French and European Gastronomic Culture and Operational Management of Restaurants. Anybody interested in getting involved in building an exchange programme and links with Pôle can contact Diarmuid for more information.

(L-R): Diarmuid Cawley, Fatia Ziane & Felipe Diaz Marin.

Diarmuid’s lecture presented to over 70 students.

- Anorexia, fat shaming, trolling in social media
- Gluttony as a symbol of power
- The power of creating and communicating a ‘food story’
- The power of food and drink tourism
- Celebrity chefs and the power of media
- Power struggle within academia: the battle for food studies to be accepted as a discipline
- Power relationship between interns or commis chefs and employers
- Power of food imagery in advertising, film, and literature
- The power of the food and wine critic in shaping the contemporary food and beverage landscape, and the power of food to excite and give pleasure

Contributors to RTÉ’s Brainstorm required!

Recently, DIT signed a partnership agreement with RTÉ to establish a new online forum called RTÉ Brainstorm which is a platform for academics, researchers, thinkers and practitioners, to publish a broad range of articles. RTÉ receives approximately 6.5 million online hits every month, with this new venture, they are seeking fresh academic voices to contribute articles that communicate complex ideas in an engaging and impactful way. How will RTÉ Brainstorm work? Contact DIT Public Affairs Team who will send you details of how to register with RTE Brainstorm (it’s simple). Most articles published will be 800-1000 words with some longer form articles of up to 2500 words. Similar to radio and TV contributors, published authors will be paid a small contribution for their articles - €70 for a published standard article and €90 for a long form article. Articles will be published under a Creative Commons licence which will allow them to be shared and or republished by other publishers with certain conditions - a copy of the license is available. RTÉ will receive exclusive first publishing worldwide rights for a period of four days (from publication date/time) on RTÉ.ie and other related RTÉ
