OUR MENU

Our menu tells the story of our food. Our food comes from the island of Ireland. We have one tasting menu. It is named after one of the Aran Islands that can be found off the west coast of Ireland.

The flavours that we represent in our menu arise from the landscape that surrounds us, in particular the west of Ireland. It is here we find our inspiration. By capturing the essence of each ingredient, we strive to show its specific time and place, to tell its story.

From the land and sea, from our producers and suppliers, our menu is made up of many hands, many people working collectively together to maintain and uphold our traditions, new and old.

Much of our menu is made up of wild ingredients. We believe these ingredients showcase the unique terroir of the west of Ireland. Seaweeds, wild herbs and wild mushrooms populate our menu.

The many culinary traditions that we use: salting, curing, pickling, fermentation, represent for us the continuation of our shared food heritage on this island.

We believe the beauty and strength of each ingredient will take you to the specific place of the product. This is why we have listed only the primary ingredients of each dish.

We hope you enjoy the unique and diverse quality. If you have any allergies or dislikes, let us know and we will accommodate you.

Allergens menu available on request.
