The Dublin Institute of Technology (DIT) was statutorily established as an autonomous institution on 1 January 1993, under the Dublin Institute of Technology Act (1992). It was constituted from the six higher education colleges of the City of Dublin Vocational Education Committee (year of foundation given in brackets):

College of Technology, Kevin Street, Dublin 8 (1887)

College of Music, Chatham Row (1890) and Adelaide Road, Dublin 2

College of Commerce, Rathmines, Dublin 6 (1901)

College of Marketing and Design, Mountjoy Square, Dublin 1
(formerly on Parnell Square, Dublin 1) (1905)

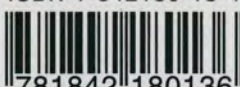

College of Technology, Bolton Street, Dublin 1 (1911)

College of Catering, Cathal Brugha Street, Dublin 1 (1941).

This book describes the evolution and accomplishments of the Institute from its beginnings 113 years ago, and includes its rapid academic development over the past thirty years. The DIT is now a multi-level higher education institution with the largest enrolment of all the higher education institutions in the state - about 22,000 (10,500 full-time students, 4,000 apprentices and some 7,500 other part-time students).
